

DR. HUGH CORMICAN

Dr Hugh Cormican, CPhys. FInstP is the Non-Executive director of Bioptics Inc, and former founding Director of Andor Technology plc. Dr Cormican originally studied Physics at Queens University Belfast and is a Fellow of the Institute of Physics. During his PhD studies he became involved in the start-up of Andor Technology. Dr Cormican acted as the Chief Executive Officer (CEO) of Andor Technology since its inception in 1989 and guided Andor through its successful stock market listing in December 2004. Dr Cormican stood down as CEO in August 2006 before retiring from the Board of Andor in September 2007. In 2000 he was awarded the Institute of Physics Paterson medal and prize for commercialization of Physics in recognition of the success of Andor. In 2003 Queens University Belfast conferred an honorary Doctorate of Science to Dr Cormican for services to Business and commerce.

Note on Bioptics Inc. Founded in 2001, Bioptics, Inc. is committed to developing the best imaging technology available for the detection and treatment of cancer.
